The Next Generation Cat® 6060 Hydraulic Mining Shovel combines everything great about the 6060 with everything customers demand from Caterpillar to deliver a shovel that not only produces, but works harder and lasts longer.

Available in both a backhoe and face shovel version, its rated payload of 67 tons is tailor-made for mines using 250 ton haul trucks, providing an efficient 4-pass solution to meet production capacity in these environments. The 6060 remains the ideal shovel for higher productivity and lower overall owning and operating costs.
