1:25 Cat[®] G3616 Gas Compression Engine

G3616 engines provide a wide range of power option, bring the highest uptime in the industry and long operating intervals between overhaul. Operators that use G3616 engines in their fleet enjoy virtually no unscheduled downtime, the right power for their application, the lowest operating costs, and emissions compliance. Ideal applications for G3616 engines include centralized gathering stations, gas processing, transmissions, and storage applications.

Special Packaging

The Diecast Masters 85706 scale model is supplied in a window tin box. The tin box protects the model from various damages and serves as a storage place for the model itself.

Contact your Diecast Masters distributor today to order.

14+

Diecast Masters scale models are adult collectibles, not toys. Not intended for children under 14.
