190 x 125 x 130 mm

Cat® C32B Marine Engine

Cat® C32B marine engine perfectly designed for sport fishing. This 2025 mhp marine engine delivers a 5% power increase over the previous model with just a 2% weight increase. The C32B is much quieter than its predecessor when the boat is running at full throttle. The C32B's Ultra High Efficiency Plus Filters keep out more contamination so engine components last longer. That means less time spent on maintenance and more time spent on the water.
