1:50 Cat® 395 Next Generation Hydraulic Excavator (ME version)

The Cat 395 next-generation excavator increases productivity, durability and reduces maintenance. The 395 is up to 10 percent more productive than the 390F it replaces. Move more material faster with more power and a larger bucket. Swing torque increase of 10 percent makes cycle times much faster. Auxiliary hydraulic options providing the versatility to use a wide range of Cat attachments. Reinforced booms, sticks, and upper and lower frames are perfect for tougher jobs; Up to 20% maintenance cost reduction. Match the excavator to the job with three operating modes: Power, Smart, and ECO, less oil consumption
