*Resin base featuring
high-resolution water
effects as seen on a
construction site*

Taking the workhorse Cat 994K wheel loader and 797 mining truck and adding the realistic weathering of real working machines. The 994K is known for its versatile productivity in heavy construction, quarries, landfills and mines. The 797 offers best in class payload, superior braking and a tough rugged frame that delivers performance and long life no matter the conditions.

The professional weathering applied to these machines makes them ready for any diorama application or display on the specifically designed realistic dirt base plate.
